HIGHER EDUCATION AND COMMUNITIES ARE LEARNING TO partner IN INNOVATIVE WAYS SO THAT TOGETHER THEY inspire SCHOLARSHIP THAT WILL ONE DAY change THE WORLD.

13th Annual National Outreach Scholarship Conference September 30-October 3, 2012 THE UNIVERSITY OF ALABAMA
Welcome to The University of Alabama and the 2012 National Outreach Scholarship Conference.
I welcome you to the 13th annual National Outreach Scholarship Conference (recently renamed the Engagement Scholarship Consortium). We are confident NOSC 2012 will offer the best in information and opportunities to network with colleagues while enjoying a taste of the cuisine and culture of the South.

This year’s conference theme is Partner. Inspire. Change. This conference departs somewhat from the previous 12 in its emphasis on community partners and students, without by any means diminishing the importance of contributions by senior scholars and staff.

We are also pleased with our plenary sessions featuring notable speakers and panelists from around the country and the world. They will challenge and inspire us to create the changes we seek.

Our conference tracks are marked in your schedule book with these significant designations: Voice of the Community Partner; Voice of the Student; and Voice of the Faculty and Staff.

In addition to concurrent sessions featuring peer-reviewed presentations on topics of critical interest, there will be poster symposia that explore timely topics and two poster sessions during which conferees can enjoy refreshments. Additionally, finalists for the national C. Peter Magrath University/Community Engagement Award will be recognized at a luncheon Tuesday in their honor and their work will be showcased in sessions Tuesday morning.

As the first non-land grant university to host this conference, UA has worked hard to anticipate the needs of conferees and to develop a robust program. We were also pleased to partner with Auburn University in planning and hosting several key conference events.

The Leadership Committee has been working for the past year to make sure all member institutions have a voice in this conference. Their membership is noted in the back of the program. They helped to make this conference the vibrant, rich experience we have come to expect – with an even greater emphasis this year on community partners, student scholars, and just a little southern hospitality.

We trust the next three days will be rewarding and informative as we focus on the best and most up to date in engaged scholarship.

Sincerely,

Samory Pruitt
Vice President for Community Affairs
The University of Alabama
