How the Project Came to Be
Data are everywhere
3D Art Installation Criteria

Installations must:

• Illustrate one of the four community themes from the transcripts
• Incorporate secondary data
• Focus on community assets
• Use language appropriate for the audience
• Be transportable and easily assembled
• Have conversation prompts to engage the community
• Be built within a $25 supply budget
Housing
Education is a team sport.
Academic Perspective

• In what way is the community partner involved in DEFINING & DESIGNING the project from day 1?
• Are the skillsets of the students appropriate for what the community partner needs?
• Will the project fit within the semester timeline?
• What is the deliverable?
• How does the project meet the course Student Learning Outcomes?
• What are the strategies for student assessment?
